13	Event Summary	<p>BBA department organized Pedalling to Paradise, a student-led cycle rally with active participation from students of BBA, BCA, and BSc (ECS). The event aimed to promote a healthy lifestyle through cycling and raise awareness about environmental conservation by encouraging cycling as an eco-friendly mode of transport. As a result, students became more aware of the benefits of cycling for personal health and the environment, with many expressing interests in making cycling a regular part of their routines. The event successfully combined fitness, sustainability, and student leadership.</p> <p>Social Media Link : <a href="https://www.instagram.com/reel/CyQqsNUP-Ar/?igshMTY5bz11bmI5ZjU4NA==">https://www.instagram.com/reel/CyQqsNUP-Ar/?igshMTY5bz11bmI5ZjU4NA==</a></p>

## Activity Report

1	Event	Nature Conservation Drive- Eco Bricks
2	Date & Time	15 <sup>th</sup> August 2023
3	Resource Person	NA
4	Venue	Off Campus
5	Organized for	All students
6	Objectives	<ol style="list-style-type: none"><li>1. To raise awareness about plastic waste management by promoting the creation of eco-bricks as a sustainable alternative.</li><li>2. To encourage students to adopt eco-friendly habits that contribute to a plastic-free environment.</li></ol>
7	No. of Students Participated	200+
8	Event Co-ordinator	Shri. P M Andeli
9	Supporting Staff	All BBA staff
10	Outcomes	<ol style="list-style-type: none"><li>1. Increased student participation in sustainability initiatives by actively creating eco-bricks from non-degradable waste.</li><li>2. Encouraged a greater sense of environmental responsibility among students, promoting long-term eco-friendly practices</li></ol>
11	External Agency Associated (If any)	NA

12	Proof Attached	<ol style="list-style-type: none"> <li>1. Invitation &amp; thanking letters</li> <li>2. Agenda</li> <li>3. Photos</li> <li>4. Attendance</li> <li>5. Feedback</li> </ol>
13	Event Summary	
<p>The BBA Department organized a nature conservation drive called “Eco Bricks” with the aim of promoting sustainable practices and helping to create a plastic-free environment. As part of this program, students were asked to collect plastic waste, such as chip packets, plastic wrappers, and other non-degradable materials, and insert them into empty plastic bottles. These filled bottles were then used as eco-bricks for local construction work, providing a practical and eco-friendly alternative to traditional building materials. The drive allowed students to actively participate in reducing plastic waste, while also learning about the negative effects of plastic pollution on the environment. Through this hands-on activity, students gained a better understanding of how plastic waste can be reused in a creative way, turning it into something useful and sustainable. The initiative not only helped raise awareness about the importance of waste management but also encouraged students to adopt eco-friendly habits in their daily lives. Overall, the Eco Bricks drive was a successful step toward adopting a sense of environmental responsibility among students and proving how small actions can make a big difference in protecting the planet.</p>
